DHRUV VAGHANI

Full Stack Web Developer

Surat | +91 7990610612 | dhruvvaghani6080@gmail.com | Portfolio | Github | Linkedin

EDUCATION

- **B.Tech in Information Technology (D2D)** — *2022 - 2025*
  Uka Tarsadia University, Bardoli, Gujarat — CGPA: 7.52

- **Diploma in Information Technology** — *2019-2022*
  Diwaliba Polytechnic — CGPA: 8.60

EXPERIENCE

- **Frontend Developer @WizNext Software Solutions** — *Dec 2024 - Present*

  Tools & Technologies Used: React.js, Next.js, Tailwind CSS, Bootstrap, Framer Motion, Postman, Git, Vercel — Surat, Gujarat

  – Worked on live client projects, gaining hands-on experience in responsive UI design, state management, and real-world development using React.js and Next.js.

  – Developed interactive and modern UIs using Tailwind CSS, Bootstrap, and Framer Motion for smooth animations and better user engagement.

  – Used Git for version control and deployed applications on Vercel, ensuring smooth project delivery and maintenance.

- **Frontend Developer Intern @Durvasa Infotech** — *May 2024 - June 2024*

  Tools & Technologies Used: React.js, Next.js, Tailwind CSS, Bootstrap — Surat, Gujarat

  – Developed and enhanced web applications using React.js and CSS, prioritizing responsive and user-friendly interfaces.

  – Completed three projects utilizing React.js, gaining experience in database design and management with MongoDB, as well as API integration for smooth data flow and effective navigation using React Router.

  – Acquired backend development skills with Node.js, strengthening problem-solving abilities and teamwork.

PROJECTS

- **Liquify**

  Tools & Technologies: Next.js, Tailwind CSS, Framer Motion, Git, Vercel

  – Worked on a client project focused on providing instant loans against mutual funds, ensuring a secure and user-friendly experience.

  – Contributed to developing responsive pages, smooth UI animations, and seamless frontend integration for better performance and usability.

- **Satasiya Tax & Revenue**

  Tools & Technologies Used: React.js, Tailwind CSS, Bootstrap, GitHub

  – Developed a responsive and secure live project for tax and revenue management, focusing on a user-friendly design and easy accessibility.

  – Implemented key features like tax planning, GST compliance, and financial analysis to simplify financial processes for users.

- **Doctor Appointment Booking System**

  Tools & Technologies: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Git

  – Developed a role-based doctor appointment booking system with Patient and Admin modules, enabling secure authentication, profile management, and appointment scheduling.

  – Implemented features for doctor listing by specialty and availability, appointment booking with date/time selection, and admin dashboard for managing users, doctors, and appointments.

- **Shoes E-Commerce Website**

  Tools & Technologies: React.js, Context API, REST API, Tailwind CSS, Git

  – Developed an online shoes store with features for product browsing, cart management, and seamless checkout.

  – Implemented state management using Context API and integrated REST APIs for dynamic product data and real-time updates.

- **Digital Agency**

  Tools & Technologies: React.js, Tailwind CSS, JavaScript, Vite

  – Developed a responsive and modern website with sections for services, work, and contact, ensuring smooth navigation and clean UI.
  – Focused on user experience with visually appealing layouts, interactive design elements, and optimized performance across devices.

- **Admin Dashboard**

  Tools & Technologies: React.js, Bootstrap, Chart.js, GitHub

  – Built an interactive Admin Dashboard featuring user management, data visualization, and real-time updates to enhance efficiency and usability.
  – Implemented dynamic tables, charts, and responsive layouts using React hooks like useState and useEffect, improving data handling and overall user experience.
